Summary

Detail-oriented Trainee Engineer with hands-on experience in Python, backend development, and RESTful API design. Familiar with application optimization and collaborative development environments. Committed to building scalable and maintainable software solutions.

WORK EXPERIENCE

Skyttus Private Limited

Trainee Engineer

Aug-2025 - Present

- Working on real-world projects by developing and maintaining application features using Python and Django.
- Collaborating with senior developers to understand requirements, debug issues, and implement efficient solutions.
- Writing clean, reusable, and well-documented code while following best coding practices and coding standards.
- Designing and consuming REST APIs for backend–frontend communication.
- Performing CRUD operations and managing application data using relational databases.
- Using Git for version control, including creating branches, committing code, and resolving basic merge conflicts.
- Unit Testing application features manually to identify bugs and ensure smooth functionality.
- Participating in code reviews, daily stand-ups, and agile development workflows.

EDUCATION

L. D. College of Engineering, Ahmedabad

Master of Computer Applications - 8.52

Aug-2023 - May-2025

Rofel Shri G. M. Bilakhia College of Applied Sciences, Vapi

Bachelor of Computer Applications - 8.11

Aug-2020 - May-2023

SKILLS

Programming Languages: Python, JavaScript

Frameworks & Libraries: Flask, Django, React, Tailwind CSS, Bootstrap

Web Development: HTML5, CSS3, RESTful APIs, JWT Authentication

Databases: MySQL, SQLite, PostgreSQL

Tools & Platforms: Git / GitHub, Postman, VS Code

Core Concepts: Object-Oriented Programming, Version Control, Debugging, Deployment, SDLC/Agile

Soft Skills: Teamwork, Effective Communication, Problem-Solving, Time Management, Adaptability, Continuous Learning, Attention to Detail
